

**RFH Health and Wellness Center  
Corporate Sponsorship  
Opportunity**

Approved by: Michael Evock CW3 (Ret.), Richard Camp D.O., and Joshua Babb MPH

## RFH Health and Wellness Corporate Sponsorship Opportunity

RFH Health and Wellness is excited to announce its plan to build a complete health and wellness center co-located with VIRginia International Raceway in the Motorsports Technology Park and is seeking a limited number of Corporate Sponsors that want to get in on the ground floor of this exciting opportunity. Your corporate sponsorship of \$50,000 will go towards the RFH Health and Wellness Center's initial infrastructure, equipment, and start-up costs. In return for your sponsorship, you and your significant other will receive life-long Platinum+ Memberships and your employees will have access to a discounted Gold+ Membership. These membership levels will not be offered after the founding sponsorship opportunities have closed. Further, all corporate sponsors will be provided advertising space within the Health and Wellness Center as well as a commemorative plaque thanking them for their generous sponsorship.

The Platinum+ Membership provides full access to the RFH Health and Wellness Center and all the services provided within at ZERO internal cost. The yearly value of this dual Platinum+ Membership is estimated at a minimum of \$5,000, but the actual value is much higher if sponsors take advantage of all the services offered within.. For corporate employees, the Gold+ Membership will be made available at only cost \$100 per month for each employee and will give them access to all standard Gold Membership pricing within the clinic as well as 24/7 access to their provider via his personal cell, which is generally not available to Gold Members. For larger corporate sponsorship opportunities, please reach out to the contact information listed below to discuss potential benefits.

Still reading...? then clearly you are interested and would like to know more about the RFH Health and Wellness Center as well as the services that will be offered within. Our center will house a complete gym with 24/7 access; a wellness area that includes whole-body cryogenic therapy, hyperbaric oxygenation therapy, red-light therapy and more; and a direct primary care center. The direct primary care center will take a functional approach to medicine rather than the conventional one size-fits all approach currently being utilized by corporate medicine. Functional medicine is health focused and seeks to address the root causes of health problems by creating a tailored health and wellness regimen for each individual. This approach requires a provider to spend much more time developing a plan for each patient; therefore, RFH is committed to low patient to provider ratio of only 400:1. Services offered through our direct primary care center include complete functional assessments, functional medicine lab evaluation, bioidentical hormone replacement therapy, HeartMath, vitamin and mineral supplementation, vitamin and mineral infusion or injection, and so much more.

Racing For Heroes and RFH Health and Wellness thanks you for taking the time to consider us in your philanthropic efforts and is eager to serve you on your journey to living your healthiest life possible. Together, we can redefine the health and wellness space in America so that everyone has access to the health and wellness services they deserve. If you are interested in becoming a Corporate Sponsor, want more information on the RFH Health and Wellness Center & Services, or have any other questions, please feel free to contact Joshua Babb, MPH, by email at [babbj@racingforheroes.org](mailto:babbj@racingforheroes.org) or by phone at (910) 603-0044. You may further contact our CMO and Primary Care Provider Richard W. Camp, D.O., by email at [rwcamp@racingforheroes.org](mailto:rwcamp@racingforheroes.org).
